- f. Course Concerns: rotation for ARC members on course concerns
- g. Option Fair: before registration for next term, hold fair on Olive Walk

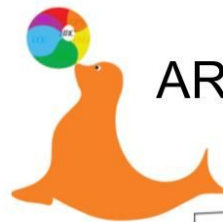

2. Projects

- a. TQFR Improvement: discuss TQFR guide with Jenn from CTLO this Thursday
- b. Core Connections: CS141 project to research how core classes are connected to other classes; open source tool for crowdsourcing data.

3. Miscellaneous

- a. ARC turnover: new members joining
- b. CS2: talk to Deans Tutors about holding Millikan study session, maybe Saturday

The ARC website at arc.caltech.edu has more information about what the ARC does if you are interested. We meet every Sunday at 11am in SAC13 and our meetings are open to everyone! If you have any questions, please feel free to email ksreedha@caltech.edu.

ARC Tip of the Week

Go to the Millikan study sessions for Ma1b, Ph1b, and Ch1b to get help from Deans Tutors, TAs, and maybe even professors.
